

VERSE 1

I hope the day will be a lighter highway  
For friends are found on every road  
Can you ever think of any better way  
For the lost and weary travelers to go

CHORUS:

Making friends for the world to see  
Let the people know you got what you need  
With a friend at hand you will see the light  
If your friends are there then everything's alright

VERSE 2

It seems to me a crime that we should age  
These fragile times should never slip us by  
A time you never can or shall erase  
As friends together watch their childhoods fly
